Jonathan came out on a Saturday and fixed our leaking a/c and educated me on how to do some preventive maintenance to ensure we don't have the issue going forward. My home warranty company sent him out and he is by far the best out of all the ones they have sent out in the past! Thanks for the quick work!

Called this company after another company completely screwed up my AC. Came out on time. Had the parts. Fixed and now the house is cool again. With the other company I had a 1 month wait. Wish I had called these people earlier. Highly recommend to anyone

I cannot say enough great things about Loyal Home Services. Jonathan and Sundip worked tirelessly to assist us with our Home Warranty Company which was a disaster. He called them personally to explain the situation but to no avail. It didn't matter, we still needed a new furnace and AC put in for my 90 year old father. Jonathan answers his phones, takes time to understand the situation and works within your budget. I cannot say thank you enough! They are great.

If you want an honest, professional, and a company that has integrity, Loyal home services is the service to call. Prior to me using their services, I had another company that was trying to scam me by cutting unnecessary wires, removing caps without my knowledge, and persisting me to purchase a new HVAC system (when nothing was wrong with the units that pertained to buying an entire system.) This has led to not only one AC unit to not be fixed, but led to my other AC unit to fall apart. In the duration of 3 days, I had no AC and thus, this had let me to find another solution to this progressive problem. I then called Loyal Home Services, and Jonathan had aided me to resolve my problem within only two hours. His service and attention to getting the problem fixed was top-notch, and now I know who to call when my AC system decides to malfunction again.

Jonathan was fantastic. He gave us a very competitive price on replacing our AC, furnace, and water heater which were all at the end of their lifespans. He gave us options for repair as well as replacement and even threw in fixing a problem we were having with our sprinkler system. They showed up exactly on time and completed work much faster than we expected. By that afternoon all systems were functioning perfectly and all work areas were cleaned so that you would not have even known they were there. Loyal home services gets my highest recommendation.

We came into contact with Jonathan through our home warranty program. That was a headache and a nightmare, however Jonathan was honest with us about what needed to be done, and what didn't. The level of integrity is refreshing and genuine. He completed the work, quickly. Very highly recommended service.

Johnathan was very responsive and punctual in replying to a service call. He responded the same afternoon and did the work the next day. Johnathan explained the issues he found and what the problems that could arise. He gave us a very good value on the equipment and in servicing the equipment plus another unit that he did not install. Definitely call Loyal Home Services LLC if you have any issues with HVAC.

It seems Impossible to find An honest AC guy anymore! Mr. John is all that and more! He would much rather get my unit up and running if he can before pushing and pressuring me into buying a whole new one. I'd give him 10 stars if it were possible. ThNks again man
