Price was reasonable.  
Very quick respond for service call.  
I did put new the carrier furnace.  
Arman came and take a look and installed new one right next day in middle of winter, It's a great service no doubt.  
Right next day after they installed, I had a issue regard model unit but  
Arman explained to me nice and clear.  
After all I am happy with Arman(Maxcare).  
Good people Great services!

Arman is very professional and did a great job in diagnosing the issue with our humidifier. Installed a pump and solved the issue. Really nice guy to deal with, and excellent communication. I will use his service again the future!

Great guys! Super professional, responsive, and knowledgeable. Nest Installation and basic maintenance of Heat & AC systems in my home were addressed without any issues. Would use again and recommend to other family & friends.

They came out the same day I called when the furnace cut out. The tech correctly diagnosed the problem as a burned out control board. He located a new part and returned later the same day to replace the board. A leak from the heat exchanger was also diagnosed but a replacement part was not available. They ordered one and then came out to replace the part as soon as it was available (~6 weeks after initial visit). All appointment scheduling and billing was done electronically in a very easy to use format. Great professional and courteous service.

We had an issue with our furnace when we attempted to use it for the first time in the fall. MaxCare booked me in for the next morning. I received an email with my booking immediately. Arman attended on time diagnosed the issue, ordered the parts required, attended the following day and completed the repairs. He was very friendly, polite and efficient. Arman offered great advice. I will be booking regular inspections with Arman. I highly recommend MAXCARE.

MaxCare Heating & Cooling is very professional, fast working friendly service.  
They arrived on time and performed high quality job. My air-conditioner was installed fast and smoothly with modern professional tools. At the end it was extensively tested to make sure it works properly and meets all the standards.  
I am very happy with the service they provided. The technicians are very friendly and open to answer all the questions.  
I recommend them to everyone who needs Air-Conditioning installation or service.

I found Armon and his partner to be very polite and friendly their service was on time, reasonably priced, and The guys do not try to get you to buy or replace something that u don't need too. They try and accommodate you best they can at a reasonable cost. I definitely highly recommend this company. I have used and experienced other furnace repair companies to whom their interest is the money. MAXCARE is a company where it is about their clients best interest not how much money they can get out of you. In my experience Best company I have had the pleasure to deal with regarding our furnace along with our safety.

Arman was quick to respond to a furnace issue, and was able to make the necessary replacement. That went well so we had him replace a furnace and AC at another unit. He is in my address book for our next heating and cooling issue
